BC Hydro is committed to finding the right balance between investing in our aging electricity system and keeping rates as low as possible. Rates are governed by the BC Utilities Commission (BCUC). The BCUC has approved an interim average rate increase of 3.91 per cent, as requested by BC Hydro, and has ordered an increase in the rate rider of 2.5 per cent. Both changes are effective April 1, 2012. The BCUC will determine the final rate increase, following a revenue requirements application process. If the final rate increase is lower, customers will be refunded the difference. For more information, visit bchydro.com/rates

Thank you for keeping your account up to date.

Never forget another bill. We'll send you an email reminder when your online bill is due. Switch to paperless billing today at bchydro.com/youraccount and register for Bill Reminder.

Moving your BC Hydro account is easy. Log in at bchydro.com and click Move Your Service to submit your request. We'll take care of the rest.

Effective April 1, 2013, the PST and GST tax systems will be reinstated in BC and customers will only be charged the GST on their bill. Previously, BC Hydro charged HST and provided a BC Residential Energy Credit to offset the provincial portion of the HST; this credit will no longer be available.

Additionally, on April 1, 2013, a rate increase of 1.44 per cent comes into effect and may be reflected on this bill. For rate information, visit bchydro.com/rates

BC Hydro is committed to finding the right balance between investing in our aging electricity system and keeping rates as low as possible. As part of the 10-year plan for BC Hydro rates, an initial rate increase of 9 per cent comes into effect on April 1, 2014 and may be reflected on this bill. For more information, visit bchydro.com/rates
